Across the misty river
Across the seven seas
I see a magic ship
Coming back to me

I see memories of you and me
That now are gone
And you're here by my side

Across the misty river
Across the misty river

Sometimes I think of you
In circles in my mind
But now the time has come
For the sun to shine

By the river side, standing here
I can't hide
When you're so close to me
Across the misty river
Across the misty river
Across the misty river
Across the misty river

Across the misty river
Across the seven seas
I see a magic ship
Coming back to me

I see memories of you and me
That now are gone
And you're here by my side

Across the misty river
Across the misty river
Across the misty river
Across the misty river
