We are gathered here today  
To mourn and share our grief  
Confused and bitter, filled with guilt  
Mental anguish beyond belief  
Eulogy  
Eulogy  
We weep in sorrow and recite  
A warm and humble prayer  
Miserable and filled with sadness  
Self-pitty and despair  
Eulogy  
Eulogy

Body filled with emptiness  
Altogether hopelessness  
He will rest on now forever  
Life was taken from his severed-head  
Requiem  
And now in mourning  
Res  
entment meets regret  
Discomforting  
We blame ourselves  
With self disgust  
Overcome our loss  
We know we must
