You're so smooth, I'm trying to keep my cool.
But I can't help myself, you make me act a fool.
Oh the sweet things you say, The sexy way you move
I get so excited baby, I don't know what to do.
I really wanna be your only one, forget about the rest.
Why stop we're good enough, when you can have the
best.
Oh, what I'm trying to say, is won't you stay.
I stick with you, Baby don't stop doing what you do.

Give me a chance, chance just to show.
You need to stick with me, I can be more than you
know.
I'll be your next again, You're best friend.
Your only and your loving thing
I'll be everything you need
You can find it in me.

OH, You're so smooth, I'm trying to keep my cool.
But I can't help myself no,
Please don't stop, don't stop loving me.
Doing what you do.
Cause honey I know, I can't stop loving you.
Oh, I'm such a lucky girl.
I got you next to me.
Baby no, please don't go!
You never ever have to leave.
