"Happy"

Visit "[Happy](#)" on MotoLyrics.com

Just as long it makes you happy
If it makes you happy
Just be happy
Just as long it makes you happy
If it makes you happy
Just be happy

So I'll be spending
Doing absolutely nothing
That makes me happy
When your...
TV shirt, and I lie there
Absolutely love it

It's a smile of a child it's your eyes it's your hair
It's the touch of your skin that's what gets me there
It's also enticing
Waking up from a nice dream
To a beautiful morning with you by my side

Just as long as it makes you happy
If it makes you happy
Just be happy
Just as long it makes you happy
If it makes you happy
Just be happy

Till I'll walking
Spending every flower one by one
Makes me happy
Telling me you love me
Showing you love me baby
My pretty baby

It's a smile of a child it's your eyes it's your hair
It's the touch of your skin that's what gets me there
It's also enticing
Waking up from a nice dream
To a beautiful morning with you by my side

Just as long it makes you happy

If it makes you happy
Just be happy
Just as long it makes you happy
If it makes you happy
Just be happy

It's like saturday
Ohh boy then we kiss
Hiding and seeking with you
Let me do
Let's do it boy

Just as long it makes you happy
It will... makes you happy
Just be happy
Just as long it makes you happy
It will... makes you happy
Just be happy

Just as long it makes you happy
It will... makes you happy
Just be happy
Just as long it makes you happy
It will... makes you happy
Just be happy
