{Chorus #1}

Hear do you  
The word  
Of my heart  
Cause I'm broken  
Like what you did to me  
Arrow you hear heart my breaking

[Verse# 1]

The one was you I put all my faith into  
When we won't even talk about what you did  
It too painful do you hear my is breaking (is breaking)  
That how I kept it for you  
When nobody was around  
Cause you was there, I put all my trust into myself and  
into you  
No I want tell  
I do it for us  
Now I'm looking in the mirror  
Do you hear my heart is breaking for once is breaking

(Chorus)

Hear do you  
Hearing the word  
Of my heart  
Cause I'm broken  
Like what you did to me  
Arrow you hear heart my breaking

The one was you, I put all my faith into  
When we won't even talk about what you did  
It tooo painful do you heart my breaking, talk about we
