Mirror Mirror on the wall who's got the most inflated
ego of them all thinks he can make a booty call thinks
he so lovable thinks he is the perfect man that i
shouldn't have ever let go and thats why i let him go
the first thing he wants in the morning not you its all
about him in the morning baby you got a boy like that
he using you a boy like that is using baby let me help
you understand his sexy grin from ear to ear girl if you
were inside his head this is what you'd hear hey yo you
have to love me bitch iam special i want everyone
thinking that i got something you dont have you have to
love me bitch iam special i want everyone thinking that
i got something you dont have he handled me like
merchandise hate to admit the down payment was his
bedroom eyes hey then after he passed homebase he
started to pull the brakes my heavenly bliss destroyed i
was the grand prize that he hardly had to chase said
goodbye cause i could have sworn i heard him say hey
yo you have to love me bitch iam special i want
everyone thinking that i got something you dont have
you have to love me bitch iam special i want everyone
thinking that i got something you dont have you dont
have to love no selfish man let him love on himself (let
him on himself)let him love on himself iam just to good
(to good) cause he said you have to love me bitch iam
special i want everyone thinking that i got something
you dont have you have to love me bitch iam special i
want everyone thinking that i got something you dont
have BITCH
