Looking back it's hard for me to see  
Just how I could have been so blind  
Like an actor on a movie screen  
You played the part with every line  
Well every story doesn't have a happy ending  
Sometimes a flower doesn't grow

I hope you understand the message that I'm sending  
But boy I think you need to know

(Coulda been the one)  
That I would give it all to catch you when you fall boo  
(Shoulda been the one)  
Didn't know just what you had boy  
Now it's just too bad boy  
(After all is said and done)  
You're a cheater and a liar  
Went to play with fire  
Boy I hope that you enjoyed your fun  
Cuz you coulda been the one

There's nothing left to say  
Coulda been the one  
Coulda been  
Shoulda been

My momma didn't raise no fool  
She said play with fire you get burned  
You laughed at me, I laugh at you  
Now it seems the table's turned  
I must admit I really thought you had potential  
But I could not have been more wrong  
I need somebody I can trust with his essentials

You had your chance but now I'm long gone

(Coulda been the one)  
I would give it all to catch you when you fall boo  
(Shoulda been the one)  
Didn't know just what you had boy  
Now it's just too bad boy  
(After all is said and done)

You're a cheater and a liar  
Went to play with fire  
Boy I hope that you enjoyed your fun  
Cuz you coulda been the one

You coulda been the one baby  
(You coulda been the one)  
Oh yeah

You played yourself boy  
And there is no denying it  
It's just the way the story goes  
You made your bed boy  
Better go and lay in it  
But know that you'll be laying there alone

You coulda been the one

(Coulda been the one)  
I would give it all to catch you when you fall boo  
(Shoulda been the one)  
Didn't know just what you had boy  
Now it's just too bad boy  
(After all is said and done)  
You're a cheater and a liar  
Went to play with fire  
Boy I hope that you enjoyed your fun  
Cuz you coulda been the one
