hey june,
words cannot describe how much i miss you
from our little walks
to our little talks
im a little shocked
and i need to dock
these feelings that i hold inside

dear june, its been awhile
do you have a phone number i can dial?
if i dont get it now i think that i might die, no, no
im exaggerating, but i dont want to be deteriorating
ill have a rain cloud and its filled with doubt
and i dont want that so i'll let it out
how i feel about you
if you had my view
it would all seem clear
like a diamond, my dear
i wish i knew
if you need me too
i'll be by your side
forever.

dear june,
words cannot describe how much i need you
from our little walks
to our little talks
im a little shocked
and i need to dock
these feelings that i hold inside

from movie scenes
to goodnight dreams
without a doubt
just think about
the F-U-T-U-R-E

you radiate like sunshine
and my teddy bear at night time
we can cuddle like penguins do for heat

i know im right this time

i see the light that binds
and i heard it through the grapevine
that you wanted to be mine
i hope that you believe
for sure ill never leave
we'll stick like super glue
dear june, i love you.

dear june,
words cannot describe how much i love you
from our little walks
to our little talks
im a little shocked
and i need to dock
these feelings that i hold inside

[breakdown]

dear june,
words cannot describe how much i love you
from our little walks
to our little talks
im a little shocked
and i need to dock
these feelings that i hold inside
