You say you love me
Well they feel like words to me
Well this just ain't working
Stop thinking you can run over me
I'm drifting, I'm settling
Off to a foreign place
If I can't see what's in front of me
It's a mystery, well then apparently

[chorus]

Things just ain't the same
And I'm ready for change
Go on, begone, bye bye, so long
Can't you see that you're
Fading, fading, fading, fa-a-a-a-away
Away, away, away, away
I opened up my eyes, and I finally
realized
Today, today, it's too late
You're fading away

Put a sock in it just stop running your
mouth
Got my mind made up, I ain't coming
back again
No way, no way, no way, no way
'Cuz I'm so fed up, boy you got me
messed up
If we hookin back up, don't press your

luck today, today

I'm blowing you away

[chorus]

Things just ain't the same
And I'm ready for change
Go on, begone, ta-ta, so long
Can't you see that you're
Fading, fading, fading, fa-a-a-a-away
Away, away, away, away
I opened up my eyes, and I finally

realized
Today, today, it's too late
You're fading away

So you turned into a ghost right in front
of my eyes
Tell me what's a girl to do when she's
crying inside?
I'm about to go and say
I'm jumping off this train
Whether wrong or right, I'll be gone by
night

Can't you see that you're
Fading, fading, fading, fa-a-a-a-away
Away, away, away, away
I opened up my eyes, and I finally
realized
Today, today, it's too late
You're fading away
