Yeah
Whoa
Gunfire left a hole
In the tank
Losing gasoline

Fire is on my trail
And he's after me
Hope it don't hit
Before I get where I'm going
I gotta get where I'm going
Take off my mask to breath

You couldve been a apart of a
Masterpiece
Fluid in the breaks
Was the last to leak
That's the thing

Where I'm going
I don't need my breaks
Can't wait to see your face
When your front windows break
And I come crashing through

The lovers need to clear the road
Oh, oh, oh
Cause this thing is ready to blow
Oh, oh, oh

I just wanna set you on fire
So I don't have to burn alone
Then you
Then you'll know where
I'm coming from
Fire bomb
Fire bomb

Seats go
But baby no
Doesn't have to be
Microwavin' a medal tragedy

Watching it burning
It's beautiful and it's blue
And it's pitiful
And it's through
It's the other half of me

I didn't do it
You lit the match from me
Now were flying
From the blast, baby
That's the thing

Where were going
We don't need no breaks
Can't wait to see your face
When your front windows break
And I come crashing through

The lovers need to clear the road
Oh, oh, oh
Cause this thing is ready to blow
Oh, oh, oh

I just wanna set you on fire
So I don't have to burn alone
Then you
Then you'll know where
I'm coming from
Fire bomb
Fire bomb

Baby we were killing them
They couldnt handle the millionth degree
We were criminals
As we were burning
The world called the police
Fire department, ambulance
You can call me crazy cause I believe
The only move for me and you
Is to go out blazin'

The lovers need to clear the road
Oh, oh, oh
Cause this thing is ready to blow
Oh, oh, oh

I just wanna set you on fire
So I don't have to burn alone
Then you
Then you'll know where
I'm coming from

Fire bomb
Oh, oh, oh
Fire bomb
