Hallucination

I'm hallucinating

I'm hallucinating

What is this?

Who is she?

How could you do this to me

I thought we were perfect guess I was wrong

A fool taking all your lies

Tricking all my senses I'm still deprived

I should have known all along

I think I need an explanation cuz your messing up my
perception

Was it all just an illusion, think you need to wake me up

Hallucination

I can't see pass the lies

Hallucination (is what I'm witnessing tonight)

Hallucination (it keeps messing with my mind)

Hallucination

Empty inside must've been delirious out my mind

To think that you were the one for me

And me I'm fine thought that you were my shelter, my
place to hide

I guess you weren't the one for me

I think I need an explanation cuz your messing up my
perception

Was it all just an illusion, think you need to wake me up

Hallucination

I can't see pass the lies

Hallucination (is what I'm witnessing tonight)

Hallucination (it keeps messing with my mind)

Hallucination

I think I need an explanation (I need an explanation)

Cuz you're messing up my perception (ooh yeahh)

Yeah was it all an illusion? (just an illusion)

I think you need to wae me up (wake me up)

I think I need an explanation cuz your messing up my

perception
Was it all just an illusion, think you need to wake me up
Hallucination
I can't see pass the lies
Hallucination, is what I'm witnessing tonight
Hallucination, it keeps messing with my mind
Hallucination

I'm hallucinating
I'm hallucinating
