Just as long it makes you happy
if it makes you happy
Just be happy
Just as long it makes you happy
if it makes you happy
Just be happy

So I'll be spending
Time with you just
Doing absolutely nothing
That makes me happy
When you're at work
Puttin' on your
T shirt, and I love it
absolutely love it

It's a smile of a child, it's your eyes, it's your hair
It's the touch of your skin, that's what gets me there
It's also enticing
Waking up from a nice dream
To a beautiful morning with you by my side, that's right

Just as long it makes you happy
If it makes you happy
Just be happy
Just as long it makes you happy
If it makes you happy
Just be happy

It's like walking
Through the sprinklers
Smelling every flower one by one
Makes me happy
It's like telling
Me you love me
Showing you love me baby
My pretty baby

It's the smile of a child, it's your eyes, it's your hair
It's the touch of your skin, that's what gets me there
It's also enticing
Waking up from a nice dream

To a beautiful morning with you by my side, that's right

Just as long it makes you happy
If it makes you happy
Just be happy
Just as long it makes you happy
If it makes you happy
Just be happy

It's like Saturday
Ohh, four day weekend
Hiding and seeking with you
Like we do
It's beautiful
Ohohohoh
Ohohohoh

Just as long it makes you happy
If it makes you happy
Just be happy
Just as long it makes you happy
If it makes you happy
Just be happy

Just as long it makes you happy
If it makes you happy
Just be happy
Just as long it makes you happy
If it makes you happy
Just be happy
