If I didn't move to fast
If we deicide this the end for us

If I can't your see once more again
I'll be hurt if I got here with me

Verse#3

Something so sweet
Can't bring our memories back
If we decide this right
I don't won't tell
U if you this doing right
you can see in my eyes
If I did something wrong
Cause I love you
Don't want to be right all the time with your love
It gona be if we get back together
See people peeps us see we gona to do next if we not
careful of each other
One of us
It gona be hell if we get back together
I want you close to me
I don't won't lose it what we had
If we can't see that what we here for
(Gona be) hell on earth
