So all you haters out there, yes you better start running

Lock your doors protect your homes.  
The hurricanes coming through the microphone.  
Blowing up right through your zone.  
Coming straight toward your throne. (coming straight  
for your throne)  
Hurricane it's the hurricane.(hurricane it's the  
hurricane)  
Blowing holes right through your brain.  
Hurricane it's the hurricane  
Hurricane

(Kill it Rihanna, yo)  
Straight out the Caribbean sea.  
You know you gotta feel me.  
Im a 1,2,3,4,5 category, and im so deadly.  
Come from the land of Barbados .  
And you know that im more dangerous.  
Im coming for the come gonna huff and a puff and  
blow your house down.

You've got to dig this one.  
Tell them all to run.  
When its said and done,  
I'll be the champion,

moving strong and fast,  
the industry's forecast.  
Just put me first and the rest of them last. (and the rest  
of them last)

And the rest of them last. (come on girl, uh)
