Another day, another reminder that your not here with me

I watch the snowflakes falling from the sky then I get lost in memories

The time we tried to build a snowman

The time we tried to count the stars

Its crazy how we didn't know then

That we'd ever be apart

I can hear the music playing

See the lights upon the tree

I can feel the joy in every soul

But for me it's incomplete

And I try my best to play the part, but no matter what I do

No, it just don't feel like Christmas without you, you

Another tear, another regret boy, that you're so far away

Can it be that it was only last year we shared that Christmas day

Remember when we took the sleigh ride

Remember singing by the fire

There's to much that's in the daylight

I keep reliving you and I

I can hear the music playing

See the lights upon the tree

I can feel the joy in every soul

But for me it's incomplete

And I try my best to play the part, but no matter what I do

No, it just don't feel like Christmas without you

Time we tried to build a snowman

The time we tried to count the stars

Its crazy how we didn't know then

That we'd ever be apart

I can hear the music playing

See the lights upon the tree

I can feel the joy in every soul

But for me it's incomplete

And I try my best to play the part, but no matter what I
do,
It just don't feel like Christmas,
no it just don't feel like Christmas without you, ooh
baby

See I tried but it just ain't right, right without you.
