feat. BadBoyz

Chorus:

Just gonna stand there and watch me burn
But that's alright because I like the way it hurts
Just gonna stand there and hear me cry
But that's alright because I love the way you lie, I love
the way you Lie

Boy:

I'm going crazy, just another lie baby
I don't know what to do with this hate and
Every time I look in your eyes they're telling me lies and
I don't know what to do
Only want the truth, but I
Know that I will never get, the love that I had if knew
what you were doing wrong
Cause this love never felt so strong, but at the same
time it feels so weak oh

You know that you're hurting me, baby can't you see
That your love is all I need, that your love is all I feel
But I wonder is it still that real
And every time that I put a smile on my face
It's because I don't wanna lose you,
It's because I know it will kill you
I look into the mirror and say

(Chorus)

J-Me:

So I, open up my eyes, open up this healing, that I've
been feeling
Don't know where it's taking me, don't know if it's you
or me oho
So I, just cried a river of emotions deeper then the
ocean
Baby cause I know that I never wanna go
Never wanna leave your side

I love the way you lie when you do it,
Makes me wanna puke and get sick of the things that
you're making up
And I'm so caught up in this love song,
Do you really know what I long for
I'm addicted to you, yes it is true
Baby cause I want you to stay
I hurt myself every day
I look into the mirror and say

(Chorus)
