She comes by my place tonight
We gonna do the same thing we did last night
Make her feel good in my home
I got enough place for 2
Can't believe it, did she really knock my door?
Checkin' from the bed, then I say who's there?
She said Baby what's up I want some more
Can't believe it tonight

Wooo, yeah, come on
Jump in here, make it hot right now
Stop on here, make it hot right now
Come on make it rain

Make it rain boy, make it rain boy
I want you to say my name, bring it low, bring it low
Bring it low, bring it low, e-e-e-ee-eee bring it low (4x)

Make it rain boy, make it rain boy (2x)

I love my girls, that bad girls
Baby just relax, take it off, sit down
I got the night, change off, heeey
Girl, girl, try out me, you know I got what you need,
so girl jump on me

I want you to say my name, bring it low (3x)

E-e-e-eee-eee, bring it low (3x)

Make it rain boy, make it rain boy
Make it rain boy, make it rain boy

Heey, uhhh

Gimme five (gimme five)
Just talk, she's freshin'
Come on, go down, uh

Heey, Make it rain for you, make it rain for you
Gonna make it rain all night baby
Everybody say it, eeey

Everybody say it, ooooh
Come on baby, ooooh
Say it for me, eeey
Say it loud, oooooh
One more time , oohhh

I want you to say my name
heeeey , i want you to say my name
you know I got what you need.
