Ecstasy

In the air, I don't care
Can't tell me nothing
I'm impaired, the worst to wear
Cause'

I'm going numb, I'm going numb
I'm going numb, I'm going numb
I'm going numb, (let the champagne smash, let the man get cash, let the man
get cash, let the man get cash)
I'm going numb, I'm going numb
I'm going numb, I'm going numb
I'm going numb, I'm going numb
I'm going numb, I'm going numb
(let the champagne smash, let the man get cash, let the man get cash, let the
man get cash)
I'm going numb, I'm going numb
I'm going numb, I'm going numb, numb, numb, numb, numb, numb, numb, numb,
numb, numb, numb, numb

Can't you say
In the clear, I don't care
Get closer to me
If you dare
I double dare
Cause

I'm going numb, I'm going numb
I'm going numb, I'm going numb
I'm going numb, (let the champagne smash, let the man get cash, let the man
get cash, let the man get cash)
I'm going numb, I'm going numb
I'm going numb, I'm going numb
I'm going numb, I'm going numb
I'm going numb, I'm going numb
(let the champagne smash, let the man get cash, let the man get cash, let the
man get cash)
I'm going numb, I'm going numb
I'm going numb, I'm going

[Eminem]

I'm class, look me in my eyeball
Do I look high? No
I love the way you lie girl, yeah, yeah
Come here dear, i'm trying to get closer to you

I'm motioning you to pull over you boo
I'm the siren that you hear, hear
I'm the butt police, and i'm looking at your rear rear rear
But the odds are I'mma end up in the back of a squad car
By the end of tonight
I'm a rock star
Get your wind up
It's attack of the Oddball
Homie can you show me where the gosh darn bath salts are
Cause I'm sick of sniffing asphalt
Every thought scarred got my pants off at the crosswalk
And suspenders, and I can't feel my lips cause

I'm going numb, I'm going numb
I'm going numb, I'm going numb
I'm going numb, (let the champagne smash, let the man get cash, let the man
get cash, let the man get cash)
I'm going numb, I'm going numb
I'm going numb, I'm going numb
I'm going numb, I'm going numb
I'm going numb, I'm going numb
(let the champagne smash, let the man get cash, let the man get cash, let the
man get cash)
I'm going numb, I'm going numb
I'm going numb, I'm going
