Here we are  
Mid-air off of the cliff  
Staring down at the end again  
But then again  
Maybe we're finally on  
The road that's headed away from all your complaining  
Of hearing the same song  
But babe you won't hear it when I'm gone

It's time to turn on

The last song  
Oh  
The last song  
Oh  
What if you wasted love and all of our time  
disappeared  
And the sad song ends up being the last song you'll  
ever hear

It was hard  
But I'd do it again  
Holding hands with my friend again  
But then again  
Maybe we gave our all  
A song they'll never forget  
Baby let 'em play it  
Maybe it'll save the world  
They gon' miss hearin' it when it's gone  
But it's time to turn on

The last song  
Oh  
The Last Song  
Oh  
What if we loved every moment that we can spare  
And the perfect song ends up being the last song you'll  
ever hear

You'll never know when the songs gonna play  
The last song you'll hear is the one you made  
Your song was beautiful that's why I started singing it

But this song is ours  
So lets play it 'til the end  
Even if it's the last song

The last song  
Oh  
The last song  
Oh  
What if you wasted love and all of our time  
disappeared  
And the perfect song ends up being the last song you'll  
ever hear

Oh  
Oh
