### "Tip Pon Toe"

I stepped in the dance  
Looking for you  
That's when  
I felt you on my shoulder  
The red light came on  
And I knew it  
Time to wine down  
And find ourselves a corner  
Six pack with braids and green eyes  
I told myself  
Girl damn he's too fly  
His jeans fit just right  
With the nice lean  
Tell him upclose  
Now let's sing the chorus

If you like what you see  
Then you have to let me know  
Put your hand pon it  
And then we dip it low  
Tip pon toe  
Now it's time to wine it slow (wining it slow now)

If you like what you see  
Then you have to let ma know  
Put your hand her ma back  
And pull her in close  
Tip pon toe  
Wheel it back now here we go  
Here we go now

I cannot front  
I've been on you  
The way that you move  
Makes me light blue  
If you keep talking like that in my ear  
I'm about to put it on you I swear  
Torn apart this basement  
And go somewhere and kick it  
It's getting crowded and it's hot

So tell me are you with it  
But there will be no hitting  
Wait hold up let me finish  
I've got something for you

If you like what you see  
Then you have to let me know  
Put your hand pon it  
And then we dip it low  
Tip pon toe  
Now it's time to wine it slow (Oooohhh)

If you like what you see  
Then you have to let ma know  
Put your hand pon her back  
And pull her in close  
Tip pon toe  
Wheel it back now here we go

Since last week  
I've been waiting on you my love  
(And I'm going crazy)  
Now your here  
You can show me just how you do  
Since last week  
I've been waiting on you my love  
(I've been waiting on you)  
Now your here  
You can show me just how you do  
(How you do)

If you like what you see  
Then you have to let me know  
Put your hand pon it  
And then we dip it low  
Tip pon toe  
Now it's time to wine it slow  
You got to let now

If you like what you see  
Then you have to let ma know  
Put your hand pon her back  
And pull her in close  
Tip pon toe  
Wheel it back now here we go  
Here we go

If you like what you see  
Then you have to let me know  
Put your hand pon it  
And then we dip it low

Tip pon toe  
Now it's time to wine it slow  
You got to take your time

If you like what you see  
Then you have to let ma know  
Put your hand pon her back  
And pull her in close  
Tip pon toe  
Wheel it back now here we go
