People seem to forget that I'm not made of stone  
That I've got feelings of my own  
uh oh  
uh oh  
Even though it might seem that I'm living your dream  
I find myself all alone  
uh oh  
uh oh

no no-no no  
Keep on trash-talking about me  
No no-no no  
I will never let you get me  
Is that all that you've got  
Come on give me your best shot!

Oh!  
No you never gonna take me down  
No you never gonna see me cry  
Keep on beatin 'cos I won't stay down  
Keep it up yeah go ahead and try

No you never gonna take me down  
Beat me up push me down to the ground  
Keep it up yeah go ahead and try  
No you never gonna take me down  
down  
down down  
down down  
No you never gonna take me down

Don't give a fuck what you say  
we never asked you to care  
If the way we walk'n talk gets you pissed  
why the hell do you stare?

Yes we know what you feel  
And we know that it's true  
But that doesn't mean that we will  
come to your home talking shit about you

no no-no no  
Keep on trash-talking about ue  
no no-no no  
and bring with you all ya fellas  
no no-no no  
Is that all that you've got  
Come on - give me your best shot!

Oh!  
No, you never gonna take us down  
No, you never gonna see us cry  
Keep on beatin 'cos we won't stay down  
Keep it up yeah go ahead and try

No, you never gonna take us down  
Beat US up push US down to the ground  
Keep it up yeah go ahead and try  
No, you never gonna take us down down  
Never gonna take us down down  
Never gonna take us doo oo oown  
Never gonna take us doo oo oown
