She whispers Do or Die

Saturday night in the city
I was standing alone on the floor
And the girl arrived and i came alive for a dance

Something between us connected under my life in the
court
All i understood was that her, i could take a chance

She whisper Do or Die
She whisper Do or Die
And when i answer do she gave it prove
We where in it together by every move
She whisper Do or Die
She whisper Do or Die
And when i started do inside of you
She be with me together we be

Going on two in the morning
I was counting the beats of her heart
Then the needle skip and you court her lips in the night
Even if i had a warning, how could i have a meand on
guard
Thought velvets skin and every one wounding going
wild

She whisper Do or Die
She whisper Do or Die
And when i answer do she gave it prove
We where in it together by every move
She whisper Do or Die
She whisper Do or Die
And when i started do inside of you
She be with me together we be

When i walk, i walk i wasn't sure
Had i dream i was some more
Were suppose to be turning a liar in me

She whisper Do or Die

She whisper Do or Die
And when i answer do she gave it prove
We where in it together by every move
She whisper Do or Die
She whisper Do or Die
And when i starded do inside of you
She be with me together we be
