Who will vow to have and hold you, love you more than  
words can say?  
Who will build their world around you and stand beside  
you all the way?  
When you need a friend you can rely on, a shoulder  
you can cry on  
Who will pick you up when you fall, who will come  
running when you call,  
Who'll be there for you when all is said and done?  
Let Me Be The One...

Who will help you write the pages in the story of your  
life?  
And who will promise you tomorrow every single time  
you kiss goodnight?  
Who will love you always and forever, as you face this  
crazy world together?  
Who will make you smile through your tears, & who'll  
share all your secret fears?  
Who'll wake up beside you when each mornin'  
comes?  
Let Me Be The One...

Let Me Be The One your heart will know  
The partner of your soul  
The one who laughs and cries with you  
The one who lives and dies for you  
The only one you need  
To share your hopes and dreams, darlin'  
I can handle any fate that comes  
If you would only Let Me Be The One...  
Let Me Be The One...
