Does it speak again?  
As it calls from it's source  
In the heart of the shadows  
On a pale horse it ride  
Led by the night

It walks through everything  
From steel to metal  
Cursed in eternity  
The flight of the ones who falls  
Led by a spell that was told in the night

Do you fear the one?  
He walk among us  
A shadow you can't see  
Arisen from the underground  
Do you hear the one?  
He ride among us  
He's the taker  
The harvest is on

There it is again!  
As it calls from it's source  
In the heart of the shadows  
A conqueror of life and death  
Led by the night

It walks through anything  
Through flesh and bone  
Cursed in eternity  
The flight of the ones who falls  
Led by a spell that was told in the night

Do you fear the one?  
He walk among us  
A shadow you can't see  
Arisen from the underground  
Do you hear the one?  
He ride among us

Over the fields he flies  
In a drowning world of lies

Rides through the nocturnal night  
As one, as one he took his flight  
Over the mountains he rides  
Beyond, beyond the fading sun  
The last creature alive  
He seeks his end...  
He seeks his end!
