I knew from the start  
He would be the one to walk away with my heart  
Everything I needed  
Cause he fit the...what  
All of the above he was tall, good lookin'  
And his body was...hot!  
He walked over to me  
Looked me in the eye and said your all I need  
Caught off guard  
Just couldn't believe  
The way he approached me  
So I turned to him and said

How can you tell (When you really don't know me)  
How can you tell (If I'm the one and only)  
How can you tell (You don't even know my name)  
How can you tell (It'll be forever)  
How can you tell (That you'll leave me never)  
How can you tell (Where do we go from here)

I'd be lyin' if I  
Told you that I really didn't like his style  
Everything about him  
And the way that he smiles  
Yeah  
He played it cool (He played it cool) yeah yeah  
While I was playing hard to get  
Like Romeo and Juliet  
But I don't know

How can you tell (When you really don't know me)  
How can you tell (If I'm the one and only)  
How can you tell (You don't even know my name)  
How can you tell (It'll be forever)  
How can you tell (That you'll leave me never)  
How can you tell (Where do we go from here)  
How can you tell (When you really don't know me)  
How can you tell (If I'm the one and only)  
How can you tell (You don't even know my name)  
How can you tell (It'll be forever)  
How can you tell (That you'll leave me never)  
How can you tell (Where do we go from here)

hahaha  
How can (When you really don't know me)  
How can (Am I the one and only)  
How can you tell  
uh uh come on  
How can you tell (How can you tell)  
How can you tell (How can you tell)

One and only  
You don't even know my name  
Yeah yeah yeah yeah

It'll be forever (How can you tell)  
That you'll leave me never (How can you tell)  
Where do we go from here (Where do we go from here)  
How can you tell (Played it cool)  
If I'm the one and only (How can you tell)  
You don't even know my name  
Yeah yeah yeah yeah  
How can you tell (It'll be, be forever)  
How can you tell  
Why'd you notice me

Where do we go from here  
Where do we go from here  
Where do we go from here
