Talk if you wanna be wit me
say what you wanna say
i don't want no shy guy baby
all i want is someone who can
speak what he's got in mind
than maybe you'll be mine
show me that you want me baby
don't be so shy

I see you staring at me but your not comin my way
I don't have time to wait for you all day
And everytime our eyes meet boy you always look away
I don't have no time for your eye games

Talk if you wanna be wit me
say what you wanna say
i don't want no shy guy baby
all i want is someone who can
speak what he's got in mind
than maybe you'll be mine
show me that you want me baby
don't be so shy

You look so good to me like nothin in the world
cuz im a very complicated girl
i wanna hear your voice that's why im lookin at your lips
boy i wanna kno just how you feel

Talk if you wanna be wit me (be wit me)
say what you wanna say (baby)
i don't want no shy guy baby
all i want is someone who can (all i want is someone
who can)
speak what he's got in mind (speak)
than maybe you'll be mine (you'll be mine)
show me that you want me baby
don't be so shy (don't be so shy)

Cuz i just wanna stare into your eyes
make it clear that all i want is con-ver-sation
Why should i persue that's not my part don't be so shy
don't you know that i, need you to

Talk if you wanna be wit me
say what you wanna say
i don't want no shy guy baby
all i want is someone who can
speak what he's got in mind
than maybe you'll be mine
show me that you want me baby
don't be so shy
