I'm wide awake
In the middle of the night
I feel like I can't breathe (can't breathe)
The words of your goodbye crash over me
What about my life
What about these dreams, these dreams
That haunt me everytime you leave

But you can't take back
All your promises (Can't take back your promise)
All the secrets that we share
Baby you forget
I was there

I believe in a world of make believe (In Make Believe)
In a world that plays with my imagination
In a game of your creation
I believe in a world of fantasy
Everytime that you and I get close
Am I just living in a world of make believe

Livin' in a world of make believe
Livin' in a, Livin' in a
Livin' in a world of make believe
Livin' in a (World of make believe) Livin' in a

I'm on the edge
And you know I'll take you back
You know I'm sinking fast
Oh no
Caught between the future and the past
Cause who could take your place
I can't replace the taste
Or erase the look of pleasure on your face

No I can't take back
All the love I gave
Or the fact that I still care
Baby you forget
I was there

I believe in a world of make believe (Believe)

In a world that plays with my imagination
In a game of your creation
I believe in a world of fantasy (I believe in fantasy)
Everytime that you and I get close
Am I just living in a world of make believe

Livin' in a world of make believe

You make me believe in magic
And that miracles come true
I believe, I believe in you

Now I'm reaching out to hold you
As you vanish in thin air
Is there anybody out there (Anybody out there)

I believe in a world of make believe
In a world that plays with my imagination
In a game of your creation
I believe in a world of fantasy
Everytime that you and I get close
Am I just living in a world of make believe

Livin' in a world of make believe
Livin' in a, Livin' in a
Livin' in a world of make believe
Livin' in a, Livin' in a
Livin' in a world of make believe (I said livin' in a world
of make believe)
Livin' in a, Livin' in a
Livin' in a world of make believe
Livin' in a, Livin' in a (World of make believe)
Livin' in a world of make believe
Livin' in a, Livin' in a (I said livin' in a world...)
Livin' in a world of make believe
Livin' in a, Livin' in a
