A happy man I did encounter
Said, "To thyself be true"
One and one is only one
Until you become one with you

Everywhere you look is lovely
If love is what you choose to see
Nothing's hard as you can make it
It's as easy as one, two, three
Here is my philosophy

And he said
"To be or not to be, I don't care
The question is are you alive out there?
It don't take brains, just heart and soul
I think, therefore I rock 'n' roll"

I met the most amazing woman
She means all the world to me
In her eyes I saw our future
She opened my mind to see
She's my serenity

And she said
"To be or not to be, I don't care
The question is are you alive out there?
It don't take brains, just heart and soul
I think, therefore I rock 'n' roll"

Somewhere, sometime
Just look inside, you are the life-line
Somehow, time flies
It feels so good to cry, baby cry

It's as easy as one, two, three
That's my philosophy

And I said
"To be or not to be, I don't care
The question is are you alive out there?
It don't take brains, just heart and soul
I think, therefore I rock 'n' roll"

To be or not to be, I don't care
The question is are you alive out there?
It don't take brains, just heart and soul
I think, therefore I rock 'n' roll
I think, therefore I rock 'n' roll
I think, therefore I rock 'n' roll
