Rich?
Yeah!

Sometimes it's a lonely life I lead
Sometimes I just don't care
No one around me to put me down me
I can go anywhere

Well, I'm alone but I'm alright
I'm on my own on a Saturday night
I don't know honey, I don't care

I'll be fine anywhere
I'm doin' alright
I'll be fine anywhere
I know a lot about livin'
It don't pay to care
I'll be fine anywhere
Ooo

Well, I say somewhere down the line
If nobody's next to me
Don't need no one to reminisce
All of my memories

Well, I'm alone but that's alright
I'm on my own on a Saturday night
I don't know and sugar, I don't care

I'll be fine anywhere
I'm doin' alright
I'll be fine anywhere
I know a lot about livin'
And it don't pay to care
I'll be fine anywhere

I got no worries when I'm out runnin' around
(Keep runnin')
The Devil don't own me, my Angel told me
Man you're Heaven bound

Well, I'm alone but that's alright

(That's alright)
Everyday is Saturday night
(Saturday night)
I don't know and I don't really care

I'll be fine anywhere
Yeah, I'm doin' alright
I'll be fine anywhere
I know a lot about livin'
It don't pay to care

I'll be fine anywhere
I'm doin' alright
I'll be fine anywhere
I know a lot about livin'
It don't pay to care
I'll be fine anywhere

Oh yeah, honey bye
Oh well, it's bye bye, honey, bye bye, bye bye
As Jerry Lee Lewis once said, "Bye bye
Bye bye
Bye bye
Bye bye
Bye bye
Bye"
Yeah, bye bye, bye bye, baby
