When I was a kid in Liverpool
The rain never stopped but the sun always shone in my mind in Liverpool
The streets were long and wide
There were places we could hide in our minds

And it's a beautiful day
But we should be going to school but anyway

Me and the boys me and the gang
Living out fantasies
Breaking the rules
Acting like fools
That's how it was for me
How was it for you

In Liverpool
An apprentice engineer but I had something very clear in my mind
In Liverpool
Music was my goal in my heart and in my soul and in my mind

Walking to the iron door on a beautiful night
But I knew I wanted more it felt so right

Me and the girls me and my band
Living out fantasies
Breaking the rules
Acting like fools
That's how it was for me
How was it for you
How was it for you
How was it for you
How was it for you

Me and the boys me and the band
Living our fantasies
Breaking the rules
Acting like fools
That's how it was for me
Me and the boys me and the band
Living our fantasies
Breaking the rules acting like fools that's how it was for me
How was it for you
