What could I do when I didn't know
When I was young I was younger
Give me an answer, its yes or no
How can we wait, any longer

So baby, don't forget this
What comes around will go
Maybe you'll regret this
Well, maybe never knows

Love first, ask questions later
Moments pass, they won't wait for the waiter
No one's ever found the power that is greatest
So love first, ask questions later

Nothing but joy in the tears we cry
Nothing but light in around us
Trust in each other as years go by
No that forever has bound us

It ain't so complicated
Its easy after all
It can't be overstated
The writing's on the wall

Love first, ask questions later

From all the masters through all time
There's just one truth we have to find
My love is yours, your love is mine

Baby, don't forget this
What comes around will go
I promise you won't regret this
Tomorrow never knows

Love first, ask questions later
