What could I do when I didn't know  
When I was young I was younger  
Give me an answer, it's yes or no  
How can we wait any longer

So baby, don't forget this  
What comes around will go  
Maybe we'll regret this  
Well, maybe never knows

Love first, ask questions later  
Moments pass, they won't wait for the waiter  
No one's ever found the power that is greatest  
So love first, ask questions later

Nothing but joy in the tears we cry  
Nothing but light all around us  
Trust in each other as years go by  
Now that forever has bound us

It ain't so complicated  
It's easy after all  
It can't be overstated  
The writing's on the wall

Love first, ask questions later  
Moments pass, they won't wait for the waiter  
No one's ever found the power that is greatest  
So love first, ask questions later

From all the masters through all time  
There's just one truth we have to find  
My love is yours, your love is mine

Baby, don't forget this  
What comes around will go  
I promise you won't regret this  
Tomorrow never knows

Love first, ask questions later  
Moments pass, they won't wait for the waiter  
No one's ever found the power that is greatest

So love first, ask questions later

Yeah, love first, ask questions later
