(Richard Starkey)

One, two

I wake up calling your name,  
But it's still not the same as have you right here with  
me.  
And if you go away, for only a day,  
You know that i'll still love you.

There is nothing better than to love you,  
When you're near the way is clear, i love you.

You gotta know  
What is it for  
Why is it so  
And can you tell me?

I will be right there  
Willing to share ev'rything i can with you.  
And when you're by my side  
I've no reason to hide i dream all my dreams about  
you.

There is nothing better than to love you,  
When you're near the way is clear, i love you.

You gotta know  
What is it for  
Why is it so  
And can you tell me?

You and me are all we need, stay with me.  
Lovers need each other, please, stay with me.

You gotta know  
What is it for  
Why is it so  
And can you tell me?

You gotta know  
What is it for

And can you tell me?  
Why is it so?
