I've got a song, I ain't got no melody  
I'ma gonna sing it to my friends  
I've got a song, ain't got no melody  
I'ma gonna sing it to my friends  
Will it go round in circles?  
Will it fly high like a bird up in the sky?  
Will it go round in circles?  
Will it fly high like a bird up in the sky?  
I've got a story, ain't got no moral  
Let the bad guy win every once in a while  
I've got a story, ain't got no moral  
Let the bad guy win every once in a while  
Will it go round in circles?  
Will it fly high like a bird up in the sky?  
Will it go round in circles?  
Will it fly high like a bird up in the sky?  
I've got a dance, I ain't got no steps  
Gonna let the music move me around  
I've got a dance, ain't got no steps  
I'm gonna let the music  
Go round in circles  
Will it fly high like a bird up in the sky?  
Will it go round in circles?  
Will it fly high like a bird up in the sky?  
Will it go round in circles?  
Will it fly high like a bird up in the sky?  
Will it go round in circles?  
Will it fly high like a bird up in the sky?  
Will it go round in circles?  
Will it fly high like a bird up in the sky?  
Will it go round in circles?  
Will it fly high like a bird up in the sky?  
Will it go round in circles?  
Will it fly high like a bird up in the sky?  
Will it go round in circles?  
Will it fly high like a bird up in the sky?  
Will it go round in circles?  
Round and round and round  
Will it fly high like a bird up in the sky?
