Pacing through hallways To get your attention  
You're telling me stories, But you fail to mention  
The nights you spent lying with him, Thinking you're  
alone alone  
But I know [x3]  
This is over  
I just couldn't take the lies  
But I know [x3]  
This is over  
Just say goodbye...  
Say goodbye (Goodbye),  
This is over and  
Don't cry (Don't Cry)  
Let me hold you  
We'll lye under the bridge tonight, and that's where  
we'll say goodbye  
The stories and rumors they caught me attention  
I knew all along that you failed to mention  
The nights you spent lying with him,  
Thinking you're alone  
Now I know [x4]  
You won't make it  
You won't make it out alive  
Now I know [x3]  
You won't make it  
So say goodbye...  
I'm leaving you and I have to say  
She said goodbye (goodbye) This is over  
And don't cry (don't cry), Let me hold you  
We'll lye under the bridge tonight  
And that's where we say goodbye (goodbye) This is  
ove  
And don't cry (don't cry), Let me hold you  
We'll lye under the bridge tonight  
And that's where we say goodbye  
Now this is over,  
Can I ask you a question?  
What would you think if I was to mention  
Nights spent lying with you,  
Wishing I was alone,  
But the thing that can't see to get,  
Is the fact that she hates me,

After all that I have done  
And I know [x4]  
She's crazy  
But maybe she's the one-Whoa-Oh-Oh  
Shut down and let it go Whoa-Oh-Oh  
I left town and she's gone Whoa-Oh-Oh  
Couldn't love her enough Whoa-Oh-Oh  
'Cause I could never fall in love  
Goodbye (Goodbye) This is over  
Don't cry (don't cry), Let me hold you  
We'll lye Under the bridge tonight,  
And that's where we say goodbye, And that's where we  
say goodbye [x3]  
And that's where we say...  
Goodbye This is over  
Don't cry  
Let me hold you  
We'll lye, Under the bridge tonight  
And that's where we sayy...  
Goodbye, This is over  
And Don't cry, Let me hold you  
We'll lye under the bridge tonight  
And that's where we say goodbye  
We say goodbye, This is over  
And Don't cry, Let me hold you  
We'll lye, Under the bridge tonight  
And that's where we say goodbye...  
Pacing through hallways,  
To get your attention  
You're telling me stories but you fail to mention  
The nights you spent lying with him,  
Thinking you're alone
