Oh God what have I done?

In the shadows on the dark side
'Neath the skies of crimson doom
In the streets I hear the wind cry
Evil sings the devil's tune

On your knees and pray for mercy
Let God hear us on this day
Or in the acid rain our bones will lay

Oh cry, cry for a world that's torn
Cry for the child unborn
For it's the sign of the crimson storm

Desperate people in the city
Foolish games of greed and wealth
On themselves they have no pity
They are victims of themselves

Gotta make you pay for mercy
Let God hear us on this day
Or in the acid rain our bones will lay

Oh cry, cry for a world that's torn
Cry for the child unborn
For it's the sign of the crimson storm
Here we go

Now hear
Now say it
Oh no where to run
No where to hide

In the shadows on the dark side
'Neath the skies of crimson doom
In the streets I hear the wind cry
Evil sings the devil's tune, yeah

On your knees and pray for mercy
Let God hear us on this day
Or in the acid rain our bones will lay

Oh cry, cry for a world that's torn
Cry for the child unborn
For it's the sign of the crimson storm

Cry for a world that's torn
Cry for the child unborn
For it's the sign of the crimson storm
Cry out
