"Through The Storm"

Here the sound of all this silence
You're damned to hell if you don't
Destination of the righteous
You break the spell, towards the light

In an empty room you sit alone and realize
You can't believe yourself no more
I've been a thousand miles and more, so beautiful
I've killed ten soldiers with my sword to bring you to my
knees
I can not wait no longer for you, we've past out last
escape
There's no way I can go on
I'm here to meet my end
Hell would be alright now
I can't hide it anymore

Passing through the storm
I see my life and pass it by
I can't complete my life and why I've battled armies
On the shore line of Corsica and more
I've knelt before the eyes of god and stumbled to his
throne
We're sailed the oceans of the world to sacrifice
ourselves

And just to look into your eyes I'd give my very life

Passing through the storm
I see my life and pass it by
I can't complete my life and why I've battled armies
On the shore line of Corsica and more
I've knelt before the hand of god and stumbled to his
throne
I've sailed the oceans of the world to sacrifice my soul
And just to look into your eyes I'd give my very life
I've battled armies on the shores, oh I'd give my life
I've knelt before the hand of god, soul life
I'd give my very soul
I've sailed the oceans of the world, soul, soul life
All just to look into your eyes, oh yeah
I've battled armies on the shores, give my soul

I've knelt before the hands of god, yeah
