[Graves/Shadowz]

[INTRO:]

[vocal: Rob Graves]

I know what it's like to be alone...
In a world of desperation...
I've heard and I've seen it all before...
From human pretension...
But I know that strongly I'll survive...
As long as I play, metal...

[1ST VERSE:]

Metal is inside me...
Metal is all around me...
Metal is universal now...
You must all crack your skulls...

[2ND VERSE:]

Slicing down to the bone...
Seizing the metal throne...
Molten blood is pounding...
Through your metal veins...

[1ST CHORUS:]

Mezmerizing, pulverizing...
Death defying, never lying...
Metal mission, steel precision...
Show the world the metal law...
Crack you skulls...

[lead solo: Rob Graves]

[2ND CHORUS:]

Feeling stronger, thrashing longer...
Sparing no one, our deed must be done...
Metal mission, steel precision...
Show the world the metal law...
Crack your skulls...
