This place rings with echoes of  
Lives once lived but now are lost  
Time spent wondering about tomorrow

I don't care if we lose it all tonight  
Up in flames, burning bright  
Warming the air of the world

"I don't love you anymore,"  
Is all i remember you telling me  
Never have i felt so cold  
But i've no more blood to bleed  
'cause my heart has been draining into the sea

Steps i take in your footsteps  
Aren't getting me closer to what is left  
Of the dreams of what i once claimed to know

Within my bones this resonates  
Boiling blood will circulate  
Could you tell me again what you did this for?

"I don't love you anymore,"  
Is all i remember you telling me  
Never have i felt so cold  
But i've no more blood to bleed  
'cause my heart has been draining into the sea

And still i wait with a hope inside of me  
So still i wait until again we meet  
Until again we meet

Within my bones this resonates  
Boiling blood will circulate  
Could you tell me again what you did this for?

"i don't love you anymore"  
Is all i remember you telling me  
Never have i felt so cold  
But ive no more blood to bleed  
'cause my heart has been draining  
Into the sea
