Hey, man did you hear  
Your final days are near?  
A free fall of fire and ice  
And explosions in the sky

A fate that we deserve  
There's no escaping  
No it's your turn  
Now it's your turn

It's been years  
Since our luck ran out and left us here  
Like broken mirrors  
Ten million shards of glass and tears  
But now we are  
Awake enough to show what we hear  
Like broken mirrors  
Reflections of an unfamiliar face

Hey, hey!

Hey, man, you got the time?  
Hey, can I trouble you for a light  
No, me? no, I'm not the old town crier  
I'm the one who sets it all on fire

A fate that we deserve  
And there's no escaping  
No, it's your turn  
Now it's your turn

It's been years  
Since our luck ran out and left us here

Like broken mirrors  
Ten million shards of glass and tears  
But now we are  
Awake enough to show what we hear  
Like broken mirrors  
Reflections of an unfamiliar face

We hide from the mirrors

They might show our scars  
And hear us  
Reflection that we want to be  
The people we are (the people we are)  
Defend your reflection  
Smash what you see  
And let's restart  
Cuz mirrors can't see our heart

It's been years  
Since our luck ran out and left us here  
Like broken mirrors  
Ten million shards of glass and tears  
But now we are  
Awake enough to show what we hear  
Like broken mirrors  
Like broken mirrors  
Like broken mirrors  
Like broken mirrors  
Like broken mirrors  
Reflections of an unfamiliar face
