I have my mother's dreams,
I have my father's eyes,
You can't take that from me,
Just go ahead and try.
The cursed city sleeps,
Watch ions in the sky,
Preparing to unleash,
Let loose a mighty cry!

Can nobody save us?
Will anyone try?
The pyre is burning,
The severance is dying.
And all along they say it:

Help is on the way
(They said, they said)
Help is on the way
(They said, they said)
One by land, two by sea,
Right there in front of me.
Help is on the way!

Five thousand feet below,
As black smoke engulfs the sky,
The ocean floor explodes,
Eleven mothers cry.
My bones all resonate
A burning lullaby,
You can't take that from me,
Just go ahead and try!

She says that's the shoreline,
With hands in the air,
Her words miss the dark light,
Does anyone care?
And all along they say it:

Help is on the way

(They said, they said)
Help is on the way

(They said, they said)
One by land, two by sea,
Right there in front of me.
Help is on the way.

Right here! Right here! [x3]

Choking on the black gold,
Upon which we rely,
We keep actions in the attics,
To see cameras in the sky.

Help is on the way
(They said, they said)
Help is on the way
(They said, they said)

We were told just to sit tight,
Cause somebody will soon arrive.
Help is on the way.
But it never came!
It never came!

Help is on the way
(They said, they said)
Help is on the way
(They said, they said)
One by land, two by sea,
Right there in front of me.
Help is on the way!
On the way!
On the way!
On the way!
