So look in my eyes,  
What will you leave behind once you've gone?  
(so precious)  
You got what you came for,  
Now i think its time to move on  
(When will you see)  
But these ghosts come alive, like water and wine.  
Walk through these streets, singing something,  
Carrying signs.  
To them these streets belong.

And my atonement lasts the best part of eternity.  
(Eternity)  
Ran out of hands to count the sin that breeds inside of  
me (Inside of me)  
Its not this hate but the loneliness,  
has left me here into this mess of love.

My hands are soaking in the blood of angels.  
On broken wings they collapsed  
(Will i see the break of day)  
Dark clouds exploded and torrents of rain fell.  
All these lost halos wash away

Head hung from shame,  
I bear a weight that brings me to a crawl.  
(To a crawl)  
These years of longing,  
To tell of decades of unanswered calls  
(unanswered calls)  
For a change, cuz everyday we slip and fall  
kicked while we're down, our fists clench into a ball  
My hands are soaking in the blood of angels.  
On broken wings they collapsed!  
(Will i see the break of day)  
Dark clouds exploded and torrents of rain fell  
All these lost halos wash away

So look in my eyes,  
What will you leave behind once you've gone?  
(So precious)  
You got what you came for,

Now i think its time to move on  
(When will you see)  
But these ghosts come alive, like water and wine.  
Walk through these streets, singing something,  
Carrying signs.  
To them these streets belong.

So look in my eyes, (To them these streets belong)  
what will you leave behind once you've gone? (To them  
these streets belong)  
you got what you came for,  
now i think its time to move on (To them these streets

singing something,  
carrying signs.  
to them these streets belong.
