Falling In Love Again By Don Williams lyrics

Love be gentle, love kind
As I give this heart of mine
To a new love, I hope will never end
It seems like only yesterday
Love was here and went the way
Out of love again
But now IÂ'm falling in

CHORUS: falling in, love again
IÂ've fallen out but thereÂ's no doubt

IÂ'm falling in love again.

I know that love won't always last
When you fall in love too fast
I should know better, but here I go again
Love be strong, love be true
For what else can I do
Love is calling and I know IÂ'm falling in

Chorus till fade
