Darlin' don't you call me  
Until the sun is goin' down  
And don't expect to hear from me  
'Til the evenin' comes around

Find yourself a daytime friend  
To walk you through the park  
'Cause you know I'm just comin' alive  
When the sky starts gettin' dark, mmm

You're the kind of woman  
That likes to be impressed  
All I need's one chance to prove  
To do what I do best

You can find another man  
To spend your afternoons  
But he can't do what I can do  
In the light of a lover's mood

You gotta wait for  
Late at night  
Keep on waitin' for  
Late at night

You'll be glad you stayed up  
To find out what it's like  
Late at night  
Hold on  
The sun is almost gone  
Starlight  
I love to see shinin' in your eyes

Ain't no use to fight it  
And change the way I am  
Don't you see I'll always be  
A nighttime lovin' man

So when the evenin' finds you, baby  
Feelin' all alone  
That's when you need a man like me  
To love you all night long

Keep waitin' for  
Late at night  
Keep on waitin' for  
Late at night

You'll be glad you stayed up  
To find out what it's like  
Late at night  
Keep on waitin' for late at night  
I keep on waitin' for late at night

You'll be glad you stayed up  
To find out what it's like  
Late at night
