"Praise The Lord"

Praise the Lord, praise the Lord, and bless His holy
name
Cause He don't ever change
He's the one, He's the one, it don't matter what you
done
He wants to love you just the same

When old trouble comes along, and temptation is
growing strong
Take my hand dear Lord I pray
Hear my cry, hear my plea, have mercy on me
And let your love show me the way

As I labor in this land, be my strength, help me stand
Lead me on the narrow way
Many loved ones now are gone, but I know I'm coming
home
Soon we'll all be there to say
