Move the sea, hide the sun  
Yeah, you can have the moon when day is gone  
Keep the first light of dawn  
Take blue from the sky  
Leave me the dark of night and a tear to cry,  
and a tear to cry

But when you go...

(I'll) Keep the dream alive  
(If) Only one more day  
Believe you're by my side, right here close to me  
Help me to survive  
Only one more day  
Say I'm still the one, and I'll always be

Take the air that I'm breathin'  
Empty all my life of  
Rhyme or reason  
Take away smiles and laughter, my heart and soul  
You hold my destiny now in your control  
in your control

So when you go...

(I'll) Keep the dream alive  
(If) Only one more day  
Believe you're by my side, right here close to me  
Help me to survive  
Only one more day  
Say I'm still the one, and I'll always be

And if time, lingers on  
In your arms, is just the place I belong

(I'll) Keep the dream alive  
(If) Only one more day  
Believe you're by my side, right here close to me  
Help me to survive  
Only one more day  
Say I'm still the one, and I'll always be.
