"Bed Of Roses"

As years go by
I have learned to understand
Mankind has to die
Elimination until the end

Misanthropy consuming my mind
Misanthropy consuming my heart
Misanthropy consuming my mind
Misanthropy consuming my heart

Destruction of the human race
Let us burn the world
We shall leave no trace
Let us burn the world
Misanthropy consuming my mind
Misanthropy consuming my heart
Misanthropy consuming my mind
Misanthropy consuming my heart

Let us burn the world
