Oh blue bird
Take me away to your house
Sing me your song
Leave my cold heart around
Someday I will
Love somehow

But tomorrow never comes
I'm still holding my cold heart
In your hands
Or in yours wings

Oh blue boy
Just give me the keys to your
Warm bed
I will marry you
Forever I'll stand

But tomorrow never comes
I'm still holding my cold heart
In your hands
Or in yours wings

Do you know waking up
Fing a look like this from ya
I learn how to try
And I can never ever find you in my mind
I am not that kind

Oh,

Oh blue bird
Take me away to your
In a sunny day
