I'll remember to forget
The day when you
and I, we met
The love you promised
To regret
It's time to let it go

The words are passing
Through my hears
I've heard them all
These empty years
I Choose to not
Forgive your tears
To lighten up my day

[Chorus]
Hey darling don't you know
I know you better
Then my soul

They told me never
Let him go
But honey
All things go

Dreams are speaking
To my heart
To end the story
Not let it start
But I've looked for
The missing part
To never let you go

Days are passing
Through my life
I feel I'm almost hypnotized
I never learned how
To describe it
But my thoughts
Are made of gold

[Chorus]
Hey darling don't you know
I know you better
Then my soul

They told me never
Let him go
But honey
All things go (x2)

I feel that you gave me
My missing part
But still I know that you can't light up my darkness.
