You came to this world  
To see what I've done  
And it's fine

So come and let's start  
I'll give you all my heart  
This time

Don't walk away  
Cause baby I will love you more  
I have this feeling  
You're who I've been looking for  
So close your eyes  
And read the signs  
It's time to sore

You came to this world  
To change what I've done  
It's all right

But now you must stare  
You can pretend you're there  
If you're mine

Don't walk away  
Cause baby I will love you more  
I have this feeling  
You're who I've been looking for  
So close your eyes  
And read the signs  
It's time to sore

Don't walk away  
Cause baby I will love you more  
I have this feeling  
You're who I've been looking for  
Don't turn away  
It's time to stay  
There's nothing more
